YOUNG WIFE SAVED FROM HOSPITAL

Tells How Sick She Was And
What Saved Her From
An Operation.

Upper Sandusky, Ohio.—"Three years ago I was married and went to house-keeping. I was not feeling well and could hardly drag myself along. I had such tired feelings, my back ached, my sides ached, I had bladder trouble awfully bad, and I could not eat or sleep. I had headaches, too, and became almost a nervous wreck. My doctor told me to go to a hospital. I did not like that idea very well, so, when I saw your advertisement in a paper, I wrote to you for advice, and have done as you told me. I have taken Lydia E. Pinkham's Vegetable Compound and Liver Pills, and now I have my health.

"If sick and ailing women would only know enough to take your medicine, they would get relief."—Mrs. BENJ. H. STANSBERRY, Route 6, Box 18, Upper Sandusky, Ohio.

If you have mysterious pains, irregularity, backache, extreme nervousness, inflammation, ulceration or displacement, don't wait too long, but try Lydia E. Pinkham's Vegetable Compound now. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy and should give every one confidence.

A Pleased Savings Bank Depositor

There is no county in Vermont, indeed, hardly a town in the state, or a state in the Union, that does not make deposits in the Hyde Park Savings Bank.

The unprecedented growth of that institution is the result of two things: first, confidence; second, satisfaction with its management.

Everybody is well treated at that bank and everybody is satisfied. Ask your neighbor who deposits there and see if he does not vouch for the truthfulness of this statement.

Harry A. Black was in Montpelier last Friday. He expects to be clerk of the house at the coming session of the legislature, a position which, his friends feel, will be filled by him with exceptional ability.

Sunday, Sept. 29, is Rally Day at the Congregational church. Each one is to consider himself appointed a rally committee of one, and if all work the attendance on that day should be satisfactory to all concerned.

Mrs. E. M. Clarke has returned from her vacation trip and has opened her house again to her boarders, much to their satisfaction, though all have been well taken care of about town during Mrs. Clarke's absence.

Col. C. S. Emery recently made his annual pilgrimage to the St. Bernard club and upon his return brought with

him substantial evidence of his skill at fly fishing for trout, which evidence was submitted to many of his friends.

Pupils of the high school held the first social of the season last Friday evening. The entertainment furnished was principally for the benefit of the freshmen, who took their medicine good naturedly. The enrollment of the school is now ninety, the largest in its history.

Painters are at work on the property of C. F. Bigelow. The pharmacy and the tenements on Lake street and North avenue are all to be painted. H. S. Root and son are also having their store building painted. These are large jobs and the work is necessarily very slow on account of wet weather.

The school trustees have made arrangements whereby registered dentists are to spend six hours in the school building making a dental inspection of the children. The results of this inspection will be communicated to parents, who may then see that the necessary work is done by the dentist of their choice.

The ladies of the Missionary Union were entertained on Tuesday of last week at the Whittaker cottage at Eagle Point, a party of thirty-six making the trip on the steamer Yocco. A picnic dinner was served and several new members added to the roll of the society. The day was a perfect one and the occasion one of much enjoyment.

A rear end collision between freight trains near Barnet on Wednesday of last week resulted in considerable delay of mail and passenger trains during that day. Six cars and the van were demolished and considerable damage done to one engine. Both trains were in charge of Newport crews, but no one was injured and no blame was attached to anyone.

\$80,000,000.00 Lost Annually by Wage Earners.

Dr. Sadler estimates that about \$80,000,000.00 in wages is lost annually to the American people as a direct result of colds. Lost time means lost wages and doctoring is expensive. Use Foley's Honey and Tar Compound promptly. It will stop the cough, and heal and soothe the sore and inflamed air passages. F. D. Pierce.

MAPLE SUGAR 11 CTS. CASH AT True & Blanchard Co.'s NEWPORT, VT.

Looks good doesn't it. Best thing on the farm. Makes a man feel just like rigging up so as to tap every Maple on his farm—as he ought to.

That's why so many good practical farmers are talking

Monarch Sugar Rigs

and why so many orders are coming in. The Monarch Outfit is attracting the usual amount of attention at the Fairs, having been shown at Barton, Morrisville, Sheldon, Middlebury, Rutland, Vt., and Watertown, Lowville and Westport, N. Y. This week exhibits are at Syracuse and Plattsburg, N. Y., and St. Johnsbury and Woodstock, Vt., next week at Brattleboro and White River Junction.

Everywhere the sugar makers concede that the 1913 Monarch beats them all.

Our representative is ready to call on any man who needs a new outfit and will explain fully the advantage of the Monarch as a money making, labor saving proposition.

Costs You Nothing When Idle— Almost Nothing When It Runs

WHEN an I H C engine is at work, it is the cheapest dependable power you can use; when not working it costs you nothing. It will work just as hard at the close of the day as at the start—will work overtime or all night just as readily. It is ready to work whenever you need it; always reliable and satisfactory. You can use an

I H C Oil and Gas Engine

to pump water, to run the wood saw, cream separator, churn, grindstone, washing machine, feed grinder, corn husker and shredder, ensilage cutter, or any other farm machine to which power can be applied.

I H C oil and gas engines are constructed of the best materials; built by men who know what a good engine must do; thoroughly tested before leaving the factory.

They are made in all sizes from 1 to 50-horse power; in all styles—vertical and horizontal, air and water cooled, portable, stationary and mounted on skids, to operate on gas, gasoline, naphtha, kerosene, distillate or alcohol. Kerosene-gasoline tractors, 12 to 45-horse power.

Ask the I H C local dealer to show you an I H C engine and explain each part, or write for catalogue and full information.
